## Government Order No. FEE 52 FLL 2017, Bengaluru Dated: 25-10-2018

In the circumstances explained in the preamble above, Government of Karnataka is pleased to accord approval under section 2 of the Forest (Conservation) Act, 1980 and invoking the powers as per the guidelines No. F.No. 11-9/98-FC, dated: 13-02-2014, issued by Ministry of Environment and Forests for the diversion of 0.808 hectare of forest land in Sy.No. 268 of Paduvari village, Udupi Taluk and District for construction of road passing through Baindur RF Extension Block, Kundapura Forest Division in favour of the Executive Engineer, Public Works, Port and Inland Water Transportation Department, Udupi subject to following conditions.

1. The legal status of forest land shall remain unchanged.
2. The lease tenure is for a period of twenty (20) years.
3. The demarcation of the common boundary of the forest area being diverted and adjoining forest land shall be carried out by erecting cement concrete pillars duly numbered at an interval of 20 meters at the cost of user agency.
4. The cost of raising compensatory afforestation of around 2.00 hectare in the nearby forest area or along the both sides of approach road to create habitat for avifauna besides shade for visitors, by planting locally dominating species.
5. The State Government shall charge the Net Present Value of the diverted forest land for measuring 0.808 hectare (as per the orders of Hon'ble Supreme Court of India dated: 28-03-2008 and 09-05-2008).
6. Additional amount of the Net Present Value of the diverted forest land if any, becoming due after revision of the same by the Hon'ble Supreme Court of India in future, shall be charged by the State Government from User Agency. User Agency shall furnish an undertaking to this effect.
7. The user agency has to pay differential Compensatory Afforestation charges in accordance with the rate prevailing at the time of final approval/handing over of forest land in question.
8. The funds received from the user agency towards Safety Zone, Compensatory Afforestation and Net Present Value under this project shall be deposited either in S.B. A/c SB01025213-CAF, Karnataka, Corportaion Bank, CGO Complex, Lodhi Road, New Delhi-110003 (RTGS/FSC No. CORP0000371) or in SB A/c No. 344902010105 421-KARNATAKA CAMPA, Union Bank of India, Sundar Nagar, New Delhi – 110003 (RTGS/IFSC No. UBIN0534498). The details of deposition of funds, inter-alia the DD Numbers and date, Amount, the Bank on which drawn and the date of deposition in the designated Bank shall also be furnished.

**Sub :** Allotment of Varahi Pumped Storage Project (1500 MW) to Karnataka Power Corporation Ltd., by utilizing the existing pickup Dam as the upstream reservoir and to construct a new reservoir on the downstream of Tail race exit of existing Varahi Hydro Electric Project (VHEP)- Reg.

**Read :** KPCL Ltr no. CE(CD)/VarahiPSP/363 dtd: 21.07.2018

**PREFAMBI F ·**

Karnataka Power Corporation Limited vide letter read (1) above has stated that in view of huge capacity addition planned in renewable it would be necessary to have a variable source of generation to absorb the variation in frequency during changeover of generations at will.

Further, the Ministry of New and Renewable Energy (MNRE) vide their letter dated 07.04.2016 have opined that ; Pumped storage is an essential solution for Grid stability, providing one of the few large scale, affordable means of storing and deploying electricity.

Due to various environmental constrains and interstate river disputes, no major additional has been possible in hydro power in the past two decades. Hence, Karnataka Power Corporation Limited proposes to make up pumped storage scheme within the existing KPCL hydro projects.

In the 251<sup>st</sup> Karnataka Power Corporation Limited Board meeting held on 21.05.2016, approval has been accorded to take up the DPR preparation works for Sharavathy and Varahi Pumped storage schemes.

Accordingly, WAPCOS has been awarded the work of preparation of PER, DPR & EIA/EMP studies for the Sharavathy pumped storage scheme.

The proposed Varahi Pumped Storage scheme of capacity 1500 MW envisages utilization of the waters of the Varahi River released from Mani dam through dam toe Power house to pick-up reservoir, which is balancing reservoir for existing Varahi H.E Project of 460 MW. The proposed pumped scheme envisages peak generation on a pumped storage type development, harnessing a head of about 490+m between pickup dam as upper reservoir and proposed New Dam as Lower reservoir.

During peak hour power will be generated by depleting the water reserve of the Pickup upper reservoir which will pass through the waterway & the turbines installed at the power house, this utilized water will be stored in the proposed new Lower Reservoir. During off peak hours the excess power from thermal stations / RE will be utilized to pump the water from Lower Reservoir to Upper reservoir through power house where generators and turbines will then act as motors and pumps respectively. The same cycle of operation will be repeated during peak and lean period.

As upstream reservoir (Pickup dam), colony, roads and other basic infrastructural facilities are readily available within the Existing Varahi Hydro Electric Power Project Complex, the same will be utilized to the maximum extent. This reduces the overall cost of the project and also the need for acquiring new lands for the establishment of pumped storage scheme. By utilizing the existing infrastructures the overall gestation period required for the implementation of the project will also get reduced.

Varahi pumped Storage project involves minimum civil works and could be completed in 5 years . The cost per MW installed works out to about Rs.2.39 Crores. The Preliminary Feasibility Report prepared in-house indicates that the scheme merits consideration for taking up for survey & Investigation and preparation of DPR.

The installed capacity of 1500 MW has been fixed based on the live capacity of reservoir, requirement of daily Peaking hours of operation and operating head.

The proposal of M/s. Karnataka Power Corporation Limited has been examined and hence the following order :

**GOVERNMENT ORDER No. EN 31 PPT 2018, BENGALURU, DATED 14.08.2018**

In view of the above, Government is pleased to allot the Varahi Pumped Storage Project of 1500 MW capacity to M/s Karnataka Power Corporation Limited by utilizing the existing pickup Dam as the upstream reservoir and to construct a new reservoir on the downstream of Tail race exit of existing Varahi Hydro Electric Power Project.

Karnataka Power Corporation Limited shall take action to obtain all Statutory and Non-statutory clearances from the respective authorities.

By Order and in the Name of the Governor of Karnataka.

The same was communicated to the Principal Chief Conservator of Forests (HoFF), Bengaluru vide letter read at (4) dated: 01-02-2016 above.

Alongwith the Compliance report, the Principal Chief Conservator of Forests (HoFF), Bengaluru has wrote a letter to the Government of Karnataka vide letter read at (1) dated: 07-03-2018 above seeking Stage-II approval and the same was sent to the Ministry of Environment, Forests and Climate Change, Government of India vide letter read at (4) dated 03-04-2018 above.

The Ministry of Environment, Forests and Climate Change, Regional Office (Southern Zone), Government of India have accorded Stage-II approval under section 2 of the Forest (Conservation) Act, 1980 vide letter read at (3) dated: 04-05-2018 above by imposing certain conditions.

The proposal has been examined in detail and hence the order.

**GOVERNMENT ORDER No. FEE 124 FGL 2008, BENGALURU, DATED 02.11.2018**

In the circumstances as explained in the preamble above, Government is pleased to accord approval under section 2 of the Forest (Conservation) Act, 1980, for diversion of 12.0 hectare of forest land for renewal of lease granted in F.Sy.No. 219 of Doni (V) of Mundaragi Range for establishment of wind farm of 2 MW to M/s Karnataka Power Corporation Limited subject to following conditions.

1. The legal status of forest land shall remain unchanged.
2. The demarcation of the proposed forest area shall be carried out by erection 4 feet high cement concrete pillars duly numbered at an interval of 20 meters at the cost of user agency.
3. The additional amount of the Net Present Value (NPV) of the diverted forest land if any becoming due after revision of the same by the Hon'ble Supreme Court of India in future, shall be charged by the State Government from User Agency and the same shall be transferred to the designated Adhoc CAMPA Account.
4. While replacing the existing wind turbine, the minimum capacity of the newly installed turbine shall not be less than 2 MW each. Consequent to this, the User Agency shall submit revised survey sketch as per actual use, as the land requirement for higher capacity turbines are higher than the present land use.
5. The amount of lease rent realized from the user agency shall be utilized in providing gas connections to the local villagers under the Joint Forest Management Programme and for other conservation measures.
6. The user agency shall not change the technical parameters without prior approval of the Ministry of Environment, Forests and Climate Change.
7. The vane tips of the wind turbine shall be painted with orange colour to avoid bird hits. The location of the wind mill shall be such that it does not stand in the migratory path of the birds and is not near the breeding sites of the migratory birds.
8. About 65-70% of leased out area in the wind farm shall be utilized for developing medicinal plant gardens, if possible by the State Forest department at the project cost. The State Government may take the help of National Medicinal Plant Board in creating corridors of medicinal plant gardens. The intervening areas between two wind mills paths should also be planted up by dwarf species of trees at the project cost.

9. Soil and moisture conservation measures like contour trenching and associated planting shall be taken up on the hillocks supporting the wind mill at the cost of user agency.
10. Adequate fire protection measures, including employment of the firewatchers and maintenance of the fire line, etc., shall be undertaken by the user agency in and around the project area at its own cost.
11. The wind turbine/wind mills to be used on forest lands shall be approved for use in the country by the Ministry of Non-Conventional Energy Sources, Government of India.
12. The total area utilized for the project shall not exceed 12.0 hectare.
13. Any other condition that the Additional Principal Chief Conservator of Forests (Central), Regional Office, Bengaluru may impose from time to time for protection, improvement of flora and fauna in the forest area and public convenience, shall also be applicable.
14. Violation of any other conditions shall invite penal action, as deemed fit by the Additional Principal Chief Conservator of Forests (Central), Regional Office, Bengaluru.

**GOVERNMENT ORDER NO. FD 26 SRP 2018, BENGALURU, DATED 30<sup>TH</sup> OCTOBER 2018**

Government are pleased to enhance the rates of Dearness Allowance admissible to Teaching Staff who are on 2006 Revised UGC/AICTE/ICAR scales of pay and to Judicial Officers on NJPC pay scales from the existing **142%to 148%** of the basic pay with effect from **1<sup>st</sup> July 2018**.

2. For the purpose of this order, the term 'Basic Pay' means, the pay drawn by a Government employee in the 2006 Revised UGC/AICTE/ICAR and NJPC scales of pay applicable to the post held by him.
3. Basic Pay shall not include any other emoluments.
4. Government are also pleased to enhance the rates of Dearness Allowance admissible to NJPC Pensioners/Family Pensioners from the existing **142% to 148%** of the basic pension/family pension with effect from **1<sup>st</sup> July 2018**.
5. The increase in Dearness Allowance admissible under this order is payable in cash until further orders.

6. The payment on account of Dearness Allowance involving fractions of 50 paise and above shall be rounded off to the next rupee and fractions less than 50 paise shall be ignored.
7. The Dearness Allowance will be shown as a distinct element of remuneration and will not be treated as pay for any purpose.
